50X1-HUM

1. Recently, groups of people have been taken from each village (in the Mati area?) to work on the Mati River electric power station. One such group consisting of approximately 30 persons from Pogradec resisted the Government's attempt to send them as volunteers by shouting, "We are not volunteers; we are forced laborers, and you will have to drag us off like forced laborers." They were dragged to the power plant. 50X1-HUM
